

CWT Original Cutting Mats

SELF HEALING CUTTING MATS FOR ANY WORKTABLE

Original cutting mats from CWT Worktools are tested and proven for guaranteed performance.

They can be used on any worktable or flatbed applicator and are available in many standard as well as custom-made sizes.

Most importantly, our cutting mats do not contain any harmful softeners (non-phthalate), making them safe to use.

Replace when worn

Remember to replace the cutting mat when necessary, as a worn mat may affect lamination quality.

Non-phthalate

CWT Worktools original cutting mats does not contain any harmful softeners.

Key features

- Self healing
- Uniform and even surface
- Fits any existing worktable or flatbed applicator
- Non-phthalate

See cwtworktools.com for complete model program and accessories.
